

2018 Christmas Tree Price List

Nordman Fir (*Abies nordmanniana*)

Our most popular Christmas tree with a lovely shape and excellent needle retaining properties. We recommend Nordman Fir because of its longevity over the whole Christmas period. As long as a cut tree is placed in a stand that holds water the tree should stay fresh looking and retain most of its needles right through December and into early January.

UK Cut Christmas Trees Sizes		TAG	Price
<i>Nordman Fir 100/125cm yellow tag</i>	3 to 4ft		£ 28.50
